FULL - STACK WEB DEVELOPER

Berhampur, Ganjam
Odisha, 760001

PROFESSIONAL SUMMARY

An experienced web developer with two years of experience in the field, specializing in crafting user-friendly web applications, has successfully led various development projects, ensured clear goals, timelines, and effective communication with both stakeholders and team members.

EXPERIENCE

Edgistify
Full Stack Web Developer

May 2023 – Mar 2024
Thane, Maharashtra

- As a vital member of Edgistify software developer core team, actively collaborated on the development of EdgeOs and RMS systems, utilizing Vue.js, Nuxt.js, Node.js, and Adonis.js technologies.
- Integrating APIs with courier partners like DTDC, Xpressbees, Ecom Express, and Shiprocket streamlined order fulfillment and expedited seller onboarding, resulting in a 20% efficiency boost, optimizing ecommerce operations and enhancing scalability.
- Developing a suite of order creation APIs catering to ecommerce, hyperlocal, and B2B orders, alongside APIs for seamless invoice and label generation, utilizing AWS S3 for storage, led to a significant 30% increase in order volume.

Sugar Cosmetics (Vellvette Lifestyle Pvt. Ltd.)
Full Stack Web Developer

May 2022 – May 2023
Mumbai, Maharashtra

- Implementing Juspay frontend with Next.js notably improved checkout convenience for high-demand products.
- Additionally, integrating API and animations for the Sugar Fam rewards feature enhanced user experience, fostering engagement and loyalty.

Quench Botanics

- The frontend development for the Quench Botanics website homepage, executed with JavaScript and Next.js, successfully boosted user traffic by 23%.
- Created a payment page for guest and login users on Quench Botanics website, integrating Razorpay.

Sugar POP

- Developed frontend for homepage and payment page of Sugar Pop website using javascript, Next js, resulting in improved user experience and increased website traffic.
